Hazardous goods: Hazardous goods within the meaning of these terms and conditions are all goods that fall under the definition of the term in accordance with Section 2 Paragraph 1 of the Hazardous Goods Transport Act. These include substances and objects which, by virtue of their nature, their properties or their state, constitute a threat to public security, order, in particular for the general public, for important common goods, for life and the health of people as well as for animals and things. We always reserve the right to refuse the transport of hazardous goods. Furthermore, we will not accept hazardous goods that are not declared in accordance with the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR) and other statutory provisions, that do not comply with these regulations, or that are not packed and labelled in accordance with

these regulations. If the hazardous goods, after being taken over, are deemed to pose a risk, from the point of view of Schenker Deutschland AG, to other goods, items or life or safety of others, or if the hazardous goods and/or their description do not meet the legal requirements, Schenker Deutschland AG will contact the customer as far as possible in order to coordinate the measures to be taken. However, Schenker Deutschland AG reserves the right to dispose of the hazardous goods at the customer's expense. Hazardous goods cannot be stored in terminals.

Econutral: For the **DB SCHENKER | system** products DB Schenker offers the option “econutral”. For this option an additional fee (“econutral fee”) applies. The fee-amount derives from an estimation of the CO₂ equivalent (“CO₂e”) footprint based on the taxable weight of the shipment and the distance between pick up and delivery. For shipments booked with the “econutral option”, the estimated CO₂e emissions will be offset. The CO₂e emissions estimation include all of DB Schenker’s shipping activities, related to the customers’ shipments booked with “econutral”. The econutral fee will finance emission reduction projects in developing countries operating under the UN's Clean Development Mechanism. The offsetting is currently made in partnership with atmosfair through the purchase and cancellation of certified carbon credits. A certificate (not tradable) with the amount of tons of CO₂e that are offset by DB Schenker can be received directly from atmosfair. With the request for a certificate, you agree that DB Schenker shares your company name, company address, e-mail-address and the emission to be compensated with atmosfair.
